All inspections are conducted by experienced and certified inspectors and are done in accord with relevant AS/NZS or other applicable standards.

For inspection requirements, refer to AS/NZS 1891.4 2009 9.3.1

All inspections are visual and functional only and do not include internal block inspections. Inspections include tagging, registration and supply of electronic and hardcopy of registration.

Inspections may be conducted on site – minimum site visit charges \$120 plus above item fees apply.

Please enquire for our site visit pricing – dependant on location.
