

Training, VOC & Consulting

Building smarter, safer workplaces

Training, VOC and Consulting Services

About us:

Heightsafe Solutions is a proudly 100% Australian family owned company based in the Illawarra Region of NSW. We operate in Australia and the Asia Pacific regions.

Height safety, confined space and synthetic fibre load management systems are our chosen specialties, we also partner with acknowledged industry experts to deliver quality training, equipment and advice in other related areas.

Our backgrounds are grounded in hands on industry experience, we like to keep training and advice simple, human, and accessible for everyone at all learning stages.

We seek to partner with our customers to provide them with trusted specialist support, long term.

Where we deliver:

We currently operate a training centre and showroom in the Illawarra Region in NSW, however training may be conducted on site where suitable facilities are available, please discuss with us.

Our training is delivered to industry and Government across a broad range of sectors.

How we deliver:

All training, VOC's and consultation services are conducted in accord with relevant WHS Laws, Codes of Practice, Standards and current industry best practice.

We deliver accredited and non-accredited training, and VOC's, with the flexibility to fit your needs.

Accredited (Nationally recognised outcome) training is delivered by Heightsafe Solutions in partnership with Registered Training Organisations, such as SpanSet Australia RTO ID 91173, or other RTO's according to the type of course delivered.

Non-accredited competency based industry training is delivered by Heightsafe Solutions and may be used as written evidence and demonstration of delivering structured training to workers as part of your workplace safety system.

Competency based non-accredited industry training has become increasingly accepted and popular with industry for task specific training, e.g. LLease Sydney tower crane crews undertake our competency based training for first response recovery of suspended worker & crane emergency evacuation.

Training – Terms and conditions

Fees and refund policy:

The fees and charges applicable to each training program are negotiated directly with the training candidate, or with a candidate's employer and must be paid in full prior to commencement of the course. Any fees due must be paid by the method agreed in the course information sheet or as agreed with the candidate's employer as per our agreed commercial terms. All payments will be recorded in our MYOB accounting system and receipts issued. Where fees are paid in advance, these payment records will ensure that the candidate's payments are recorded separately within our MYOB accounting system in sufficient detail so that training progress can be monitored against fees paid.

Refunds:

We will ensure that a full refund of enrolment fees will be offered if a course is cancelled by us. If a candidate fails to attend a scheduled course with less than 48 hours notice of inability to attend, the course fees will be forfeited. If a candidate can provide 48 hours notice or greater of their inability to attend they can reschedule to another course without loss of fees paid.

Candidates in exceptional circumstances can make application for special consideration to the Heightsafe Solutions Administration Manager.

Please direct any of these enquiries initially to our Administration Manager, phone 1300556732, or email; advice@accendoapac.com

English language course delivery and assessment:

Due to the nature of our training courses, learners must possess English language reading, writing and verbal communication skills which will enable them to undertake up to AQF Level II course content. For more info on the AQF refer; <https://www.aqf.edu.au/>

You must advise us if any learners may have difficulty with this requirement before the course. If you have any questions regarding this minimum English language requirement, please talk with us and we will be pleased to assist you. Please contact our Administration Manager for assistance on 1300556732.

Language, literacy and numeracy (LLN) assistance:

Our course training and assessment materials contain written documentation and require answers in English language. Some calculations are required. We recognise that not all people are able to read, write and perform calculations to the same standards. We will endeavour to help anyone with Language, Literacy or numeracy difficulties. If a candidate's needs exceed our capacity to assist we will refer the candidate to an external support provider such as:

NSW Adult Literacy & Numeracy Council (NSWALNC)

<http://www.nswalnc.org.au/>

Lost ID cards/certificates:

Lost or stolen ID cards/Certificates or duplicate cards/certificates will be issued after verification of candidate identity.

Fees are chargeable for replacement Certificates / ID cards;

– Fee for issuing replacements - \$15.00 + 10% GST - Standard post free

Other mail charges;

Standard airmail post (outside of Australia) – Chargeable based of the postage cost at the time of order – Express Post (within Australia) – Chargeable based of the express post cost at the time of order – Express Courier International (outside of Australia) - Chargeable based of the express post cost at the time of order.

Records of training:

All courses provide documented training records and certificates are issued to participants on successful completion of a course.

Certificates for accredited courses are issued directly to candidates, in line with ASQA directive to RTO’s explicit permission must be obtained from candidate to send certificate elsewhere e.g. to employer

All course records are confidential and information is only used as required by ASQA requirements for accredited courses, or, for competency based industry training, stored securely as required for quality management systems.

Training payments:

All our courses are GST exempted in accord with the current ATO Tax ruling.

Payment terms are prepaid unless otherwise notified. Certificates and ID cards are issued once payment has been confirmed

On site, travel and accommodation costs are negotiated at a reasonable rate, call us.

After hours, weekends and Public Holidays attract a 20% surcharge.
